Eta Chapter of Kappa Delta Rho Fraternity | University of Illinois | www.KDRillinois.org | Fall 2025

A Letter from the Alumni President

Brothers,

I come to you at the conclusion of a transformational year. As a reminder, after two years of diligently working with our advisors to get the house leased, we were unsuccessful and as

shared during the process, we did close on the sale of the house.

For Eta Chapter, this is a new phase of our story ... It is not the end of our story. The board intends to continue meeting remotely by video call each quarter. The board has already decided to maintain our biannual communications (The Eta Survey) and work with volunteers to hold alumni events and gatherings. Save the date for next August when we will work with the National Fraternity to host an alumni reception in conjunction with the National Convention.

We have one board position open, which we hope to fill in the next few months. If you have interest in helping as a volunteer, please let me know at michael.kolberg@gmail.com.

We will continue to work with the National Office team to select a time and structure to restore the chapter in the next few years. Part of that work will ultimately involve a conversation regarding the type of lodge or housing/meeting space that makes sense in today's student life world.

As a closing consideration, we intend to continue our important annual fund program to support communications and event planning and implementation. Please consider supporting Eta as we transition into the next phase of our story.

Fraternally,

Mike Kolberg '03
Alumni Corporation President

While Closed, How Do We Handle Endowed Scholarships?

Most alumni may recall our chapter has a handful of endowed scholarships to benefit undergraduate KAPs in the Eta Chapter. Some of the scholarships are distributable to undergraduate KDR's from any chapter while others provide that for a period of time the distribution is re-invested and if, after four years, the chapter remains closed then they become distributable. Specifically, for a prescribed period of time, the income distribution will be added to the principal balance of the endowment. If the chapter is still closed after four years, then the scholarships will be made available to undergraduate members of KAP, regardless of chapter.

WE NEED YOU!

Why Leave A Legacy With the Chapter Currently Closed?

Many may recall the old adage: the best time to plant a new tree is today. None of us knows when our estate will mature. None of us know the day or year that the chapter will be recolonized. What we do know is the day will likely come where we have to support a newly formed chapter with competitive housing. When that day comes, it is very likely the board will have to consider what housing

looks like at that time (whether residential or a meeting/lodge style). What is certain is we will need resources to meet the needs of the day. That's where we, as alumni, have the ability to step up and plan for the future.

Retired Lt. Col. USAF 1980, Nellis AFB, retired professor of engineering in Ohio and Nevada, and retired Las Vegas Valley Water District director of operations 2002. I've been married to Mary since February 1960. We have two kids, five grandkids and three great grandkids. I turned 87 this fall and I'm still going "semi strong," no major health issues, several minor.

I am a veteran of the US Air Force. Over 40 years ago, I met my wife Sandra while stationed in the Boston area. I still reside in Massachusetts and have been working as a systems security engineer.

KAPs at Magician Lake

Don Russell '70 reports: We annually go to the Maloney's lake house on Magician Lake in Michigan. Next May, we are all going on an Alaskan cruise; **Bill Haag** and his wife will join us.
